## BRIGADIER'S MILE IN 1:372:

BELMONT'S GELDING MAKES A NEW RECORD FOR A CIRCULAR TRACE. Captures Sheepshead Bay Handloap From

Cyrane and Covers the Distance in 1:37 4-5
-- Smart Set's Surf Stakes -- Wax Tapes
Wiss at 10 to 1 -- A Big Crowd Present. A new American record for one mile on a circular track was made at Sheepshead Bay yesterday afternoon. August Belmont's Brigadier, carrying 112 pounds, ran the distance in the Sheepshead Bay Handicap in 1:37 4-5. O'Connor had the mount and was easing the gelding up at the finish where he won by a length. The best previous time was made last summer at Brighton Beach when James R. Keene's Voter, shouldering 122 pounds, did a mile in 1:38. Oriman, with 109 pounds, made the same time at Chicago last year. The fractional time of yesterday's race was as follows:

0:35 3-5; half mile, 0:47 4-5; five furiongs, 0:56 3-5; three-quarters, 1:12; seven furiongs, 1:25; one mile, 1:37 4-5. Eighth, 0:12; quarter, 0:28 3-5; three furlenge

The race was the second of the June Handicaps of a guaranteed cash value of \$6,500, and though Decanter, All Gold, Belgrade, Lady Uneas and Alsike were withdrawn, M. Murphy's Cyrano and C. T. Patterson's All Green were added starters. Tales concerning the speedy work of both Brigadier and Cyrano were in circulation and both were heavily backed. In the case of Cyrano it was whispered that he had worked a mile in 1:39% and never was more fit to capture the gold. For that reason his owner and a host of wise men went down the line in the ring and planked thousands of dollars into the laps of the layers. With eagerness that bordered upon frenzy, these bettors ploked

the laps of the layers. With eagerness that bordered upon frenzy, these betters picked up all the 5 to 1 they could find, the price finally dropping a point. At the same time others were pounding Brigadier down from threes to 9 to 5, at which figure Mr. Belmont's great horse went to the post favorite. The Messrs. Keene's Unmasked, with Shaw up, was third choice, and W. C. Whitney's Star Bright was fourth at sevens.

The start was promptness personified and in an instant Star Bright showed in front. It was only for a moment, however, for Unmasked was a wild horse and fairly ran over Star Bright in taking the lead. This advantage was maintained for three-quarters of a mile, with Gyrano and Brigadier within reach all the way. At the head of the stretch Unmasked had died away to nothing, leaving Cyrano and Brigadier to fight it out. Mr. Belmont's horse soon had his rival where he wanted him and won easily by a length. Cyrano was five lengths better than Star Bright. When the time was shown there was much enthusiasm. O'Connor, as he saw the figures, said to the crowd hanging on the rail, while he was riding back to the scales:

"I rode that mile pretty fast, didn't I? It could have been done faster."

The backers of Cyrano, who had been waiting for a "killing," consoled themselves with the thought that it required a new world's record to beat them out of the fortune that they would otherwise have pocketed.

Fully 25,000 persons were present. Three favorites and three long shots were winners. O'Connor again was the most successful jookey, as he rode two winners and a second. Cameron, 8 to 1; Wax Taper, 10 to 1, and Ben Viking, 12 to 1, helped the ring considerably, as in the races they won favorites loaded down with coin of the realm were smothered.

Next to Brigadier's performance, the running of the Surf Stakes for two year-olds.

to 1, and Ben Viking, 12 to 1, helped the ring considerably, as in the races they won favorites loaded down with coin of the realm were smothered.

Next to Brigadier's performance, the running of the Surf Stakes for two-year-olds at five and a half furious was the feature. There were six starters, of which Julius Fleischmann's Smart Set, with Shaw up, was a 3 to 5 favorite. There was a big tip floating around on August Belmont's Leonid, a Hastings colt, which, opening at 6 to 1, was hammered down to 7 to 2. Dean Swift and Dixieline were well supported in the place books. After the first scramble following the flagfall, the race was Smart Set's. The Halma colt took a commanding lead of a length and held it straight down to the wire where the colt was a length and a half before Leonid, which had outclassed the others without trouble. Dean Swift was third, five lengths back.

The Grand National Steeplechase, with \$5.000 added, brought out an unusually large field. Fourteen jumpers faced the flag to go two and a half miles. Sacket, King T, and George Keene were combined favorites at 4 to 1. Dr. Elchberg also was fancied at the same price, while Thomas W, Lawson's Ronkonkoma was well thought of at sixes.

J. R. Beard's Marylander was another well-played horse, and so was Passe Partout. The race was spectacular, if only because of the number of contestants. Coming down past the stand for the first time Dr. Elchberg stumbled and his rider. Finnigan, rolled directly in front of half the field. But he had a miraculous escape frem injury and the crowd cheered him as he walked away unscathed. On the back stretch the second time around Klondyke, backed liberally, fell, together with Zinzher and Eophone. The Jockeys were not injured beyond a few scratches and a severe shaking up. Eophone, Magic Light and Passe Partout took turns at pace making: but when the real test came Mr. Snuth's horses, Sacket and King T., got the buik of the money, for the former won by five lengths, while the latter secured the place from Fred Gebhar

three-quarters of a mile. Among the eleven horses that went to the post there were enough including to cause a delay of twenty minute. The crowd was highly amused, meanwidle, when a Jaded nag, hitched to an open barouche, just outside the rail beside the barrier, dashed away as the real horses made a false break and galloped along the back stretch.

He a an old racer himself! said the rail birds, as they head their sides, and he just couldn't stand the strain.

The nag was chased for half a mile by a number of boys and men, but he did not stop lunning until he found a barn standing directly in his path.

Just because Wax Taper had taken up 12s pounds the talent fought shy of him and he went begging almost at 10 to 1. Musette, with Shaw up, was the favorite at 2 to 1, with a heavy play on Cervera, Tower of Candles and Mesmerist. Tower of Candles cut out the running until the stretch was reached. There it was that Combs got Wax Taper up from the rear and in a hot drive landed him winner over Mesmerist by a length. May W. 15 to 1, was third, and Musette, cut down behind, was last. Because Slack on Godfrey deliberately out across the field just after the start and caused several riders to pull up in order to escape a smash, he was set down by the stewards for one day, on a compaint from the starter.

Ben Viking, with Mounce in the saddle, administered a knock-out blow to the talent in the last race. Dolando, the "beef and beans champlon" was the favorite and with Shaw up he looked a cinch. But at that Double Dummy Nitrate and Anecdote were all supported. At the post there was a delay of forty minutes because of disorderly conduct on the part of Dolando, In Shot, Anacciote, Big Gun and Ben Viking. Incidentally Dolando kicked both Double Dummy and Fairy Tale. In Shot led for half the distance, which was one mile and a sixteenth on turf, and then stopped. Then Hen Viking was let down and showed the way to Dolando and Fairy Tale, 20 to 1. Shaw worked hard enough with Dolando in the stretch to force Mounce into a drive, but Ben Viking was the winner by half a length. Nitrate was third. Summaries:

CENCINNATI, June 22.—R was real summer weather, the track was very fast and a big crowd witnessed the excellent sport at Newport to-day. Three favorites, a second choice and two rank outsiders won. Strathbroeck won the handicap handily from the hot favorite, Charile O'Brien. After betting had been in progress some time in the first, Kirk wood, a medium choice, was discovered by the judges to be ineligible by reason of having only lost four races, all his starts, while the requirements were for non-winners in five races. A new book was ordered made. A special book on the American Derby was kept tolerably busy. Robert Waddell had an extensive following. Summaries:

Miss Jones Eastly Beats Miss Atkinson for the Metropolitan Championship.

The Metropolitan championship lawn tennis tournament ended yesterday afternoon at the West Side Tennis Club grounds with still another default in the final round of the handicap singles. Bostwick was completely exhausted by his semi-final match in the morning and was unable to play in the finals later in the day in consequence, the handicap first prize going to F. H. Sanborn of Brooklyn, who was a most pronounced "sleeper" let in at plus 15.

The feature of the day was the final match in the women's singles, and Miss Jones easily outplayed Miss Atkinson, beating her badly in three straight sets. This victory was considered significant because it occurred on the eye of the national championship event for women, which begins on Tuesday at Philadelphia. Miss Atkinson, Miss Jones and Miss Moore are all going down for it. In the absence of the regular final of doubles, an exhibition match was arranged and Little and Alexander beat Fischer and Millett by 6-4, 7-9, 6-4. ROBERT WADDELL'S DERBY:

VIRGINIA BRADLEY'S GELDING WINS THE CLASSIC EVENT WITH EASE.

Old Son of Aloha and Virgie-Terminus Beats The Parader for the Place-A New Record for the Race-Bonnibert Fourth. CHICAGO, June 22.-Robert Waddell won the American Derby to-day from one of the best fields of three-year-olds that ever went to the post in the classic event. Virginia Bradley's brown gelding, although reported to have worked remarkably fast, was hardly thought to have a chance to beat the much-heralded colts pitted against him, but when it was announced that Bullman would ride the son of Aloho Virgie, the gelding found new admirers, and went to the post well backed, his price ranging about at 12

followers and the betting ring presented an exciting scene. Many were, unable to place their wagers, the New York system of booking not offerng the facilities to handle the

The Derby, as has always been the oustom. came third on the programme, and imme-diately after the finish of the second race a wild rush was made for the betting ring. The Parader was most fancied, but His Eminence, Silverdale, Bonnibert, Beau Gallant, Robert Waddell and Sadie S. had thousands of supporters. The bulk of the play, however, was on the Eastern animals and His Emi-

straight and true, with his jockey hand riding slightly.

Terminus came through the stretch with a rush and beat out The Parader for second place, with the rest of the field nowhere. The time of the race, 2:33 4-5, is a new record for the event. The victory of Robert Waddell was immensely popular, as he has long been a Chicago idol and the subject of much sympathy when his owner's cruel training methods are considered.

The day's card was first class and there were many features, the most particular of which were the victories of Caviar, Isla and Endurance by Right. The former ploked up 122 pounds and showed his heels to Advance Guard and a good field in 1:40 1-5 for the mile.

vance Guard and a good field in 1:40 1-5 for the mile.

Terry MoGovern's Isia defeated George Arnold and a fast field of sprinters in the second event and after a desperate drive landed a swell bet for the Sullivan-Harris confederacy. Endurance by Right, with 120 pounds, after a killing delay at the post, chipped a fraction of a second from the track record, running four and a half furlongs in 0:54 2-5 seconds. The closing event was won by Tom Barrett's Barrack.

Experts estimated the crowd that saw the fourteenth American Derby at between 40,000 and 45,000. The immense grand stands, clubhouse and paddock were filled to overflowing, and in the betting ring the "bookies" were early doing a rushing business on the New York plan, with no interference from the authorities.

New York plan, with no interference from the authorities.

Much of the money on the big event was put up by the annual Derby bettor looking for a killing on one of the long shots and a repetition of last year's performance of Sidney Lucas. Club members and guests thronged the clubhouse veranda, pushing out on the lawn, never minding the roasting rays which Old Sol sent like shafts of fire. Every niche and corner was taken by fair women gayly attired and men with bright outing costumes. The inner lawn was jammed with carriages and automobiles crowded with gay parties.

On the putting green of the golf links they jammed, showing little respect for the ancient and honorable game. It was a huge, fashionable "gailery," such as only the Derby can draw together. All ground the track the "gail birds" hung on to the fence, straining for a first view of the Derby horses. PENNSYLVANIA CREW AT HENLEY. English Critics Say the Climate Will Be the Only Thing to Spoil Its Chances.

Special Cable Despatch to THE SUN.
LONDON, June 22.—There is great interest
in rowing circles in the crew of the Univer-Iwelve to One Laid Against the Three-Yearsity of Pennsylvania. Trainer Ellis Ward expresses himself as well satisfied with the condition in which the men arrived here. He is especially well pleased with the regatta course and the arrangements that have been made. The fact that Ward does not ride a horse or a bleycle has handicapped him in coaching, but yesterday afternoon Mr. Labat lent him the speedy launch Hibernia, from which he instructed the men during a hard row below Temple Rock. The Pennsylvanians have thus established their record as the first crew that has ever been coached in Henley waters from a steam launch. Waterside critics yesterday afternoon were

very favorably impressed with the strength and unity of the crew and the piston-like regularity of the stroke. But while admiting that the pace which this method attains they do not think it can be maintained if the crew is hard pushed at the finish. They consider that swinging forward down hill, with the forward movement helped by the swivel rowlocks will, especially if they are pressed, tend to make the men bucket and hang over the stretchers. But, as an old member of the Blues said to-day, "They keep so well together and are so strong, and evidently so plucky and determined, that it will be difficult to say when they are done with once they have started." The men were so hard yesterday afternoon that they scarcely showed any signs of their work when they finished.

If anything between now and the day of the race should spoil their chance it will be the climate. After an unusually oce land freeh June, the weather to-day suddenly became the hot, damp, muggy steaming, sort. This weather seriously affects arrivals from the United States and in the enervating Thames Valley, it is doubly detrimental o men who are not acclimated and who are finely trained. If this weather continues it may safely be said that Pennsylvania will not have a chance of winning.

Another difficulty in the way of the American crew is also connected with the climate. The Pennsylvania men are being trained on the testotal principle. This is considered impossible here, especially on the Thames. To change the training would, of course, upset the crew, but adherence to the testotal principle must also handloap them. The British caremen have claret at their lunch and dinner and also beer. Besides this, at the discretion of the coach, individual men are allowed from time to time to hav e a glass or two of champagne.

swinging back of the body is not approved especially in the case of Gardiner, who never guite reaches the perpendicular in recovery. Gardiner's staying powers are ascribed to his being late in recovery, hence the weight of the boat is taken off his hands. The crew is good. The boat travels fast sometimes. The crew considers the course splendid, although the men admit that it is harder for its length than they expected.

St. Bartholomew A. C. Games. The large fields in every event on the programme of the St. Bartholomew A. C. games held at Celtic Park yesterday indicate a decided revival of interest in track and field contests. Nearly 500 entries were received for the nine open events, and the number of starters has not been approached at any outdoor games held within the past ten years. Henry Arnold of the Union Settlement A. C., the 22e-yard hurdie champion, snowed his versatility by winning the half mile from the comparatively short mark of thirty yards. Only one man started behind Arnold, who worked himself through the field in clever style. His time was I minute 55 2-5 seconds. Seventy-five men in the 100-yard handicap were weeded out in fifteen trial heats and three semi-final heats until J. P. Cooke, West Side Y. M. C. A., M. S. Benford, Union Settlement A. C., and Otto Sauer, St. Bartholomew A. C., were left in the final. Each had won his semi-final in 10 seconds, and a rare race resulted. Benford led until a yard from the tape, when Cooke flashed by and won by six inches in 9 4-5 seconds.

Twenty-eight started for the one-and-anif-mile handicap. J. J. Jove, the cross-country champion, 60 yards, was the virtual scratch man, while A. McKenzle, the school-boy champion, had five yards more. The latter finished in grand style and, overhauling Brady in the stretch, was beaten by only a yard by McKenzle for first place. IN THE BASEBALL WORLD:

THE ST. LOUIS TEAM HAMMERS THE NEW YORK PITCHERS AND WINS. Brooklyns Lose Two Games to Tallenders and Fall Back Into Second Division -

Boston and Pittsburg Break Even-Cin-

cinnati Defeats Philadelphia - Geesip.

Yesterday's games were a losing venture for the two local teams, both being defeated. While the Harlemites were being treated to a lesson in ball playing by the St. Louis team the Brooklyns were undergoing similar treatment in a double dose. The tailenders beat them twice and did the job thoroughly each time. The Bostons broke even with the Pittsburgs. The Bostons are making nearly as great a spurt in the National League as their fellow townsmen are in the American. A week ago the Bostons were seventh; now they are fourth, a noteworthy achievement. St. Louis, as well as Boston, passed Brooklyn yesterday, going into third place, and the the American League Chicago beat Philadelphia, Boston defeated Cleveland, Washington whitewashed Milwaukee and Baltimore trimmed Detroit. The National League re-sults and standing of the clubs follow: St. Louis, 18; New York, 8.

Chicago, 16; Brooklyn, 8.—(First game.) Chicago, 8; Brooklyn, 2.—(Second game.) Boston, 4; Pittsburg, 2.—(First game.) Pitteburg, 6; Boston, 2.—(Second game.) Cincinnati, 6; Philadelphia, 2.

ST. LOUIS, 18; NEW YORK, S.

The second St. Louis player at the bet at the Polo Grounds yesterday afternoon made a base hit, and from that until the end of the game the men played a lively tattoo on the ball, getting in all an even score of hits. Denzer, who pitched first for the New Yorks, was a smap for the Missourians, and Doneny,

ser, who pitched first for the New Yorks, was a saap for the Missourians, and Doneny, who went in in the seventh inning, was no more troublesome. The New Yorks could not hit Powell, but by dint of much hard work and one large, luminous St. Louis error they made three runs. St. Louis made thirteen runs and might have added a few if they had extended themselves a little more in the latter part of the game. It was a fairly even thing for five innings, but after that a runaway, with the New Yorks receding further and further to the rear with each inning.

In such a one-sided game individual performances became more interesting than the work of the teams as a whole. As his share of the day's spoils Heidrick took away four hits to add to his already extensive collection. He numbered a home run and a two-bagger among the lot. The volatile Burkett selected a bunch of singles, four in all, and did not get a chance to make a fifth, as he was hit by a pitched ball. McGann made three hits and Padden three. Padden also stole a base while the pitcher had the ball in his hand. The work of the St. Louis outfield was fine, particularly in the judgment shown in playing for batters.

After Donovan had singled in the second

HENLEY, June 32.—The entries for the annual regatta are fifty-two, which is about the usual number. Of the crews that will start in the race for the grand challenge oup neither the London Rowing Club nor the Thames crew are regarded as dangerous opponents of the Belgians, who created much surprise last year and are believed to be stronger now. They row an Americanitike short stroke and use broad blade oars and swivel rowlocks.

The Leander crew is heavier than that of New College, and both are heavier than the University of Pennsylvania men. Both the English orews named use fixed rowlocks, which many British oarsmen would like to see discarded.

The University of Pennsylvania men have not greatly impressed the critics, who think they show all the faults of previous American crews without their one virtue of being perfectly together. The absence of the swinging back of the body is not approved.

Work of the St. Louis outfield was fine, particularly in the judgment shown in playing for batters.

After Donovan had singled in the second fining Padden hit to Ganzel and Bonezer falled to cover first Padden was safe. Wallace is lifted a foul to Ganzel and a Donovan rance to the Jarce in the filed and Donovan raced home. Nelson was the here of New York's half of the inning. Hickman, Strang and Bowerman hit safely filling the bases. There was a confident, even industry flighting the bases. There was a confident even industry flighting the bases. Just by the way of variety Padden bunted in the sixth inning and reached first. Wallace sacrificed, which seemed a mere waste of time, the way the Cardinals were punishing the leather. In so much strenuousness there seemed to be no need for science. As Padden started to steal third Kruger hit to centre. Van Haltren threw home to catch Padden, but in view

to steal third Kruger hit to centre. Van Haltren threw home to catch Padden, but in view of the start the latter had the throw was a useless expenditure of energy, besides allowing Kruger to get to second base. There was a spot in left field which attracted Powell's attention and on his planting the ball there Kruger cantered home.

Doheny went in in the seventh and fooled St. Louis for just one inning. The Cardinals were merely reconnoitring in that inning and drew off for more ammunition. In the eighth they renewed the bombardment. Kruger was hit on the ankle by a pitched ball, then came two hits, then another man hit by a pitched ball, then a low throw to the plate by Nelson, then another out, then two more hits. While this jumble of hard hitting and poor playing was going on six runs crossed the plate. There being nothing porcine about Kruger he furnished the third out the second time up in the inning. For the third time in the game Burkett and Heidrick hit safely in the ninth inning after two were out. McGann sent Burkett home with a single and Heidrick getting reckless was run down between third and home. The score:

BOSTON, June 22.—The local team broke even
with Pittsburg in their double-header this afternoon.
The first game was a very exciting one, Nichole practically winning his own game. His pitching was
extremely clever, especially when the bases were
occupied. He also received excellent support. All
four runs acored by Boston were brought in by Nichola's hits The visitors hit the ball hard, but their
hitting was untimely. The second game, which was
won by Pittsburg, was an even break up to the ninth
inning. In that inning Pittenger made a botte of
several bunt ground hits and an error by Tenney
and the subsequent hitting by Clarke and Leach
brought in four runs. The feature of the game was
the batting of Clarke and Leach. The scores:

Win at Parkway's Matines. Amateur and professional drivers were rather promiscuously mixed up at the matines given at the Parkway track yesterday afternoon. Each of the three events on the card was scheduled as gentleman's race, yet the greater number of the horses were handled by professional drivers. The fact that some of the horses were driven by amateurs raised the question as to whether their contesting against professionals would not affect their standing. No gate money was charged and no purses or anything of value offered to the winner in either of the events, but the fact that the pool privilege was sold and books made furnished a doubt as to the strictly amateur character of the matinée. Members of the Parkway Club maintain that they are within the rules, as nothing depended on the events, which were purely for sport. Others argued that on account of the pooling and the advertising of the matinée the horses would earn records and the amateurs be placed in the professional class.

The matinée was a success regardless of the question raised by the wise ones. In the first race John Cadoo's Nancy Burns was the favorite at even money against the field with Charles A Moore's Gen. Brayton second choice N Ryan's Frank W. and Mr Bedford's Gen. Shafter were long shots. After the first heat of the second race, when the black mare Bemay went after impatience down the stretch.
